

Shown without splash guard

Brief description:

Compact angle drill with water feeding for small diamond drill bits.

Special features:

- Proven, flexible and transparent splash guard. This means that less moisture and dirt is sucked into the engine compartment. This significantly increases the service life of the machine.
- Water-cooled Aluminum end shield.
- Soft start and electronics for constant speed even under load.
- Temperature-dependent overload protection.
- Spindle lock for easy tool changes.
- Machine in the higher, wide speed range. With infinitely variable speed control.
- Lightweight and handy design.
- Special requests (e.g. for longer connecting cables or hoses) can be considered.
- Repair service for all of our machines.

Application:

Wet all-round machine for natural or artificial stone processing. Especially suitable for stonemasons, sculptors, restorers, tilers, renovators, floor renovators, etc.

Technical Data:

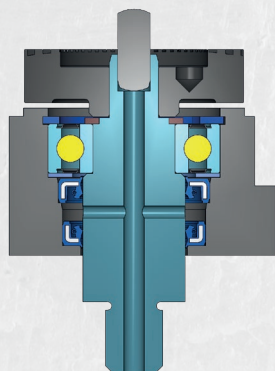

Voltage:	230 Volt	Grinding tool-Ø max.:	80 mm
Power:	850 Watt	Spindle thread:	M 14
Speed:	1,400 - 8,300 rpm	Weight:	2.3 kg
Drill-Ø max.:	20 mm	Soft start, Overload protection	

Included:

Rubber connecting cable 4 m, hose 2.5 m with brass quick coupling, bail handle, personal protection switch PRCD or CEE-plug, splash guard, carton.

Available versions:

JOKER 900 Vario DI	(with PRCD)	230V	Item no. 001.003.021
JOKER 900 Vario CEE	(for transformer)	230V	Item no. 001.003.020

Rinsing head spindle bearing:

GALESKI Quality:
Spindle mounting in rinsing head, with water sealing underneath.

With transparent, flexible splash guard.
Advantage: Less moisture and dirt gets into the machine.
