Data sheet

POLIFOX 900 Vario

Wet polisher

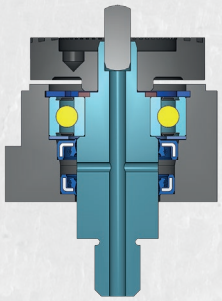

Shown without splash guard

Brief description:

Compact and easy to handle for light polishing jobs, has variable speed regulation.

Special features:

- Lite machine - also suitable for one-handed use.
- Proven, flexible and transparent splash guard. This means that less moisture and dirt is sucked into the engine compartment. This significantly increases the service life of the machine.
- Water-cooled Aluminium end shield.
- Soft start and electronics for constant speed even under load.
- Temperature-dependent overload protection.
- Spindle lock for easy tool changes.
- Speed range designed for stone polishing with infinitely variable speed regulation.
- Special requests (e.g. for longer connecting cables or hoses) can be considered.
- Repair service for all of our machines.
