

Brief description:

Large cutter with maximum power for cut-off wheels up to Ø max. 230 mm, for continuous use.

Special features:

- Machine with vibration-damped bail handle lies well in the hand during both grinding and cutting.
- Rotating handle adjustable in 7 positions.
- Compact design (only 515mm length) and ergonomic construction.
- Line lock out function to prevent automatic start up after power loss.
- Soft start for smooth start up.
- Spindle lock for easy tool changes.
- Protective hood adjustment at the push of a button.
- Speed designed for stone cutting and grinding.
- Wear-resistant and unbreakable silicone power cable in signal colour (clearly visible).
- Special requests (e.g. for longer connecting cables) can be considered.
- Repair service for all of our machines.

Application:

Dry stone cutter for natural or artificial stone processing. Especially suitable for stonemasons, sculptors, restorers, tilers, renovators, floor renovators, etc.
