

# DOMINATOR 125 BL

Dry stone cutter

**NEW**

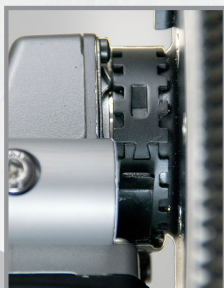

## New BRUSHLESS machine series: Motor without carbon brushes!

### Brief description:

Compact stone cutter with vacuum cleaner connection. Adjustable 1400 Watt motor, powerful enough to cut tiles and slabs.

### Special features:

- Magnetic motor without carbon brushes. The previously necessary, regular carbon replacement is completely eliminated. Therefore: less follow-up costs, less work, fewer sources of error.
- Significantly more torque. This is particularly noticeable in the lower speed range.
- High efficiency (Up to +30%). The omitted frictional resistance of the brushes and other factors result in higher efficiency.
- Long service life. The service life of ordinary brand machines is significantly exceeded.
- Significantly less heat generation of the running machine, even under full load.
- Slim design. Handy, small and light machine for low-fatigue work.
- Machine comes to a quick stop when switched off - by rapid braking of the magnetic motor.
- The cover with connection to a vacuum cleaner provides a clear view to the cut, and also good-quality dust extraction.
- Sophisticated suction device: suction connection with swivel joint (freely rotatable) - hose spacer ensures distance to the handle - optimum, fixed hose routing to behind the machine.
- Spindle lock for easy tool changes.

### The safety cover is adjustable:

Easy-to-adjust raster positioning, backwards and forwards.

Open design of the protective hood

Plastic support

- Speed range designed for stone cutting with infinitely variable speed regulation.
- Wear-resistant and unbreakable silicone power cable in signal colour (clearly visible).
- Special requests (e.g. for longer connecting cables) can be considered.
- Repair service & maintenance for all our machines.

### Application:

Dry stone cutter for natural or artificial stone processing. Especially suitable for stonemasons, sculptors, restorers, tilers, renovators, floor renovators, etc.

### Technical Data:

Voltage:	230 Volt	Spindle thread:	M 14/22.2 mm
Power:	1,400 Watt	Weight:	3.5 kg
Speed:	1,600-6,400 rpm	Soft start,	
Tool Ø max.:	125 mm	Restart cutout	
Cutting depth max.	30 mm		

### Included:

Silicone connecting cable 4 m, aluminium safety cover with plastic inserts and connection supports for vacuum cleaner, flange, flange nut, twin hole wrench, 65 cm extractor hose inside 32 mm Ø, hose connector with Velcro fastening, 4 shims, handle, carton/case

### Available versions:

DOMINATOR 125 BL 230V	carton	Item no.: 003.036.370
DOMINATOR 125 BL 230V	case	Item no.: 003.036.371
