

# SMART CUTTER 125 Eco BL

Dry stone cutter

**NEW**

## New BRUSHLESS machine series: Motor without carbon brushes!

### Brief description:

Easy to handle stone cutter for the pulling cut, with guard and vacuum cleaner connection.

### Special features:

- Magnetic motor without carbon brushes. The previously necessary, regular carbon replacement is completely eliminated. Therefore: less follow-up costs, less work, fewer sources of error.
- Significantly more torque. This is particularly noticeable in the lower speed range.
- High efficiency (Up to +30%). The omitted frictional resistance of the brushes and other factors result in higher efficiency.
- Long service life. The service life of ordinary brand machines is significantly exceeded.
- Significantly less heat generation of the running machine, even under full load.
- Machine comes to a quick stop when switched off - by rapid braking of the magnetic motor.
- Light and handy machine - despite dust extraction. Suitable for one-hand operation.
- As well as ensuring a clear view of the cutting area, the guard and suction nozzle provide excellent dust extraction.

Pulling cut: Tilting movement over the guide edge with simultaneous good suction performance.

- To make a right-angled cut, place the bottom edge of the suction nozzle (guide edge) on the stone, set the running disc into the stone (using a tilting motion over the guide edge), and following the guide edge, make the cut.
- Spindle lock for easy tool changes.
- Speed range designed for stone cutting with infinitely variable speed regulation.
- Special requests (e.g. for longer connecting cables) can be considered.
- Repair service for all of our machines.

### Application:

Dry stone cutter for natural or artificial stone processing. Especially suitable for stonemasons, sculptors, restorers, tilers, renovators, floor renovators, etc.

### Technical Data:

Voltage:	230 Volt	Spindle / Borehole:	M 14/22.2 mm
Power:	1,400 Watt	Weight:	2.8 kg
Speed:	1,600 - 6,400 rpm	Soft start,	
Tool Ø max.:	125 mm	Restart cutout	
Cutting depth max.	20 mm		

### Included:

Rubber connecting cable 4 m, vacuum cleaner connection rotatable Ø 36-46 mm, flange, flange nut, twin hole wrench, ball handle, carton.

### Available versions:

SMART CUTTER 125 Eco BL    230V    Item no.: 003.036.611
